GLITCHFIX

ACTIVE REALITY

Rules and Regulations

- Each team can consist of a maximum of two participants.
- Each team/participant will be given a set of challenges with intentional "bugs."
- Points will be awarded based on the number of correct solutions.
- Basic logical puzzles with small bugs.
- Example: "If A = 5 and B = 10, then A + B = 14. Identify the bug."
"Identify errors in a pseudocode."
- Awards : Based on accuracy and time taken.
